e-SLIM SCULPT Body Sculpt Device

4 HANDLES

- Muscle Build
- Weight Loss
- Burn Fat

Overview

Muscles account for about 35% of the body, and most slimming devices on the market only focused on fat but not muscles. While currently only injections and surgery are used to improve the shape of the buttocks. In contrast, e-SLIM SCULPT device, which uses the most advanced (HIFEM) high intensity focused magnetic vibration technology, directly stimulates motor neurons, so that the body's muscles continue to expand and contract (This kind of contraction cannot be achieved by your usual exercise or fit exercise) The energy pulse of 30 minutes treatment can stimulate 30000 strong muscle contractions, which help the fat cells to metabolize and decompose vigorously.

Principle

How does Medsculpt work?

Medsculpt is based on high-density focused electromagnetic energy. A single Medsculpt session causes thousands of powerful muscle contractions which are extremely important in improving the tone and strength of your muscles. These powerful induced muscle contractions not achievable through voluntary contractions. The muscle tissue is forced to adapt to such extreme condition. It responds with a deep remodeling of its inner structure that results in muscle building and sculpting your body.

Technical Specifications

Brand Name	e-SLIM SCULPT
Certification	CE
Feature	Weight Loss, Cellulite Reduction, Muscle Building, Body shape
Application	For Commercial
Technology	High Intensity Pulsed Electromagnetic
Treatment Area	Body, legs, arms, abdomen, hips
Handles	2 handle, 4 handle can be chosen (2 piece pelvic muscle repair cushion as optional)
Color	Customized
Voltage	AC110V / 230V 50-60Hz
Output Intensity	7 Tesla
Output Power	5000W

Build Muscle & Burn Fat

Equipment Advantages of e-SLIM SCULPT device

What are the advantages of the device?

- 4 working handles can be working simultaneously
- 5000W output power
- Best cooling system, all handles are air cooling system
- Keep working a long time
- Zero consumables
- Non-invasive, no downtime, no side effects, no pain
- Dual working system, easy to operate

**Treatment
handles with
pelvic floor**
